COMMUNITY SCHOLARSHIP FUNDS (\$500-\$1500)

The Kawartha Region is home to many USports Football Players, but a large portion of those players go off to University with Zero Entrance Scholarship Support, increasing their already challenging journey of wanting to become a successful Student-Athlete at the Post-Secondary Level. Our Otters Community Scholarship Fund is offered to exceptional athletes that have been offered spots and committed to USports programs, but weren't offered an Athletic Scholarship. This is a great way to show our graduating Otters players that our Community will continue to support them and their football journies through their Post-Secondary careers. Players to be eligible for this Fund must have proof of Football Program Offer, as well as be graduating High School as an Honour Roll Student.
